## FROM THE PRINCIPAL'S DESK

**Prof. Pauline Sharmila, Principal, SNSR**

***“To do what nobody else will do, in a way that nobody else can, in spite of all we go through; is to be a nurse.”***

Nursing is not just a profession but it is primarily a vocation – a vocation of love and compassion. You need a heart to be a real nurse. You must love humanity and be able to identify with the sick, to see them as persons who need our love and care. The time and resources sacrificed cannot be compared to the joy of bringing hope and comfort to another in need.

The love and kindness with which nurses take care of those in poor health are important for them to feel better. The drugs that the patients receive by treatments are essential; however a very important part of the process is the great affection that they give them.

Nursing is a recession proof carrier; keeps brain stimulated, there is always something innovative to learn. October 14, 2016 - During his speech at Madison Square Garden, New York City, Shri Narendra Modi, Hon'ble Prime Minister of India, highlighted the severe need for workforce, especially in Nursing, across the world by 2020. He said that India would play a major role in fulfilling the demand for trained Nurses across the globe!

Nursing is a unique profession and the global development has tremendous impact on the health care sector. Our fundamental aim is to become a prime contributor in nursing profession to emerge as a center of excellence and innovation in education, service and research towards the global health care system. In order to achieve this vision, it is essential to create an exceptional environment that executes an ideal and proficient learning, which promotes professionalism.

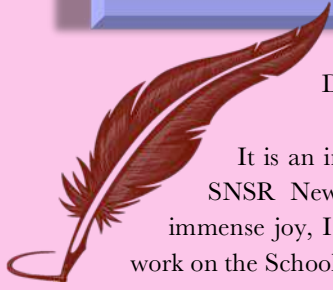

We are determined to prepare nurses who will be at par with the global expectations for ministering the sick and disabled. Yet what truly distinguishes us is our unwavering commitment to our students and their careers.

## FROM THE CHIEF EDITOR'S DESK

Dear Reader,

It is an indeed pleasure to introduce you to the 3<sup>rd</sup> Issue of SNSR Newsletter, which I hope you will enjoy. It is with immense joy, I express my gratitude for giving an opportunity to work on the School Newsletter.

Proper communication plays a vital role in institution's development. This newsletter will serve to reinforce and allow increased awareness, improved interaction and integration among all of us.

As we all know, a newsletter mirrors a School - Its vision and mission. It also highlights events, activities and academic prowess and achievements. In this edition, I have tried to capture last few months activities and developments. This magazine has recorded achievements such as: competitions won by the hugely talented students, innovative projects carried out by the students with the expertize guidance of faculties, and among others.

I would like to place on record our gratitude and heartfelt thanks to all those who have contributed to make this effort a grand success. I profusely thank the management for giving support and encouragement and a free hand in this endeavor. We truly hope that the pages that follow will make an interesting read.

On reading this text, it would definitely be an inspiration and motivation for the other students and faculty to perform better. The future success of the Newsletter depends on your comments, contributions and ideas! We do encourage all of you to try your utmost to enrich the forthcoming SNSR Newsletters.

Happy Reading..

## ACTIVITIES/ EVENTS

### Medico Masti - An Inter College Health Festival at Perfect Health Mela

*Participants from SNSR: A group click..*

Students from School of Nursing Science and Research, Sharda University, participated in Perfect MTNL Health Mela (Divya Jyoti and Medico Masti National Youth Festival), which was held in Talkatora stadium, New Delhi from 25<sup>th</sup> to 29<sup>th</sup> of October 2016. The programme was organized by **Heart Care Foundation of India (HCFI)** in collaboration with **New Delhi Municipal Council (NDMC)** with the theme "ONE HEALTH". Objective of the event was to create awareness about all aspects of health for people from all sections of the society and all walks of life incorporating all pathies under one roof using cost effective infotainment modules.

As the part of Health Mela, thousands of students across the country participated, and students of SNSR were few among them.

Students of our School won prizes in health debate and rock band. In debate, Ms. Somashri and Ms. Tanu won second and third prizes respectively. Theme of debate was, "Yoga should merge with modern medicine". Mr. Amit, Mr. Arpit, Mr. Ashish, Ms. Somashri and Ms. Judith participated in rock band with the theme "Mera Bharat Mahan" and won second prize.

Students of SNSR also participated in Fashion show, Slogan writing, Western dance (solo and group), skit, poster making and collage making too.

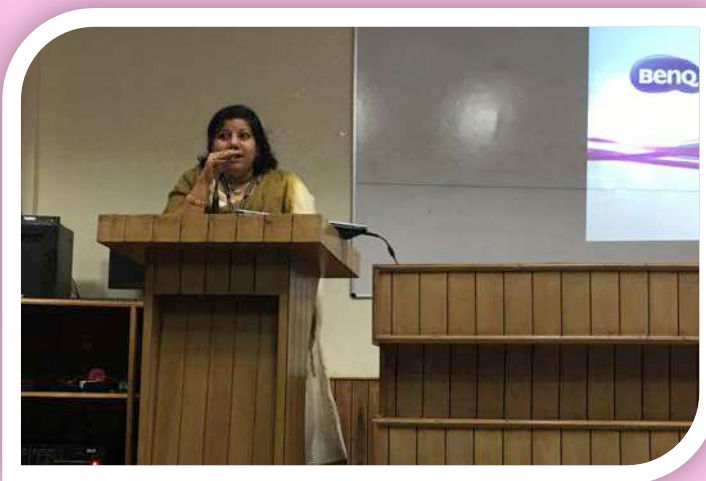

*Winners with trophy..*

### Educational visit by Universal College of Nursing, Bangalore

*Prof. Pauline Sharmila, Principal, SNSR welcoming the guests and briefing the philosophy, vision and mission..*

*Dr. Hemalatha, Principal, Universal College, Bangalore, delivering her speech of admiration about the programme*

School of Nursing Science and Research arranged an educational visit for 48 students along with the faculty from Universal College of Nursing, Bangalore on 3rd December 2016. Programme was started at 11.00 am in Auditorium 005. Prof. Pauline Sharmila, Principal, SNSR welcomed the visitors and explained about the philosophy, vision and mission of SNSR and Sharda University.

Later on, facilities of the School and University, organizational pattern of SNSR and Sharda hospital, infrastructure of the school, community facilities, HR policies, system of examination, various assessment forms and job description of faculty were described by the faculties of SNSR. Detailed video clips about the university were displayed which was a visual treat for the visitors. Dr. Hemalatha, Principal, Universal College of Nursing rendered an admiring thanksgiving speech for organizing the visit, followed by vote of thanks by Mr. Dinesh Kumar, Associate Professor, SNSR.

Refreshment was arranged for students, faculties and organizers of visit. After it, students were taken to SNSR, Sharda Hospital, admission cell and HR department for orientation. At the end, there was also a feedback session of the students who visited, where, feedback was found to be extremely good about the arrangement of orientation

*Students of Universal College of Nursing, Bangalore are explained about the SNSR infrastructure*

SCHOOL OF NURSING SCIENCE AND RESEARCH, SHARDA UNIVERSITY  
 FEEDBACK FORM  
 EDUCATIONAL VISIT TO SNSR

DATE: 03.12.16

NAME OF THE ORGANIZATION VISITED: UNIVERSAL COLLEGE OF NURSING

| SL. NO | ITEM                  | NEEDS IMPROVEMENT | GOOD | VERY GOOD | EXCELLENT |
|--------|-----------------------|-------------------|------|-----------|-----------|
| 1      | Presentation          |                   |      | ✓         |           |
| 2      | Visit to the hospital |                   |      | ✓         |           |
| 3      | Visit to the SNSR     |                   |      | ✓         |           |

## Expert Talk on Stroke Protocol and Principles of Management

On December 12, 2016, School of Nursing Science and Research organized an expert talk by foreign experts from USA on topics: Stroke protocol and Principles of management. The speakers invited were Dr. Immanuel Susai, Fulltime Hospitalist at Memorial Hospital, Gulfport, Mississippi and Mr. Ebenezer Lionel Raj, FX Algorithmic Trader, Lehman Brothers/ Barclays Capital, USA.

**Talk by Dr. Immanuel Susai, Fulltime Hospitalist, Memorial Hospital, Gulfport, Mississippi, USA**

**Mr. Ebenezer Lionel Raj, FX Algorithmic Trader, Lehman Brothers/ Barclays Capital, USA rendering his expert talk**

**Dr. Immanuel Susai** rendered his lecture on various stroke protocol measures as per American Stroke Association for clients admitted in an emergency basis. Followed by **Mr. Ebenezer Lionel Raj** spoke on investing and trading, which are two very different methods of attempting to profit in the financial markets. Both the sessions were interactive and interesting, and audience cleared their doubts during question-answer session. Chief guests present on the day were Mr. Senthil B Kumar, Professor, Dept. of Physiotherapy, SAHS and Mr. Susai & family. The faculties and students of SNSR were benefitted through this programme.

**Token on love for the guest speakers**

The programme was commenced at 11.00 am in auditorium 005, Block 3, Sharda University, by welcoming the dignitaries and audience by Mr. Dani Philip, Associate Professor. Speakers were escorted to the stage by Prof. Pauline Sharmila, Principal, SNSR.

**Group photo with the experts**

## Promotional Seminar by Canadian Health Care Academy

**Greg McCaffrey, Mortgage Consultant, HLC Home Loans, Vancouver, Canada, as a delegate from CHCA**

Canadian Health Care Academy is a private postsecondary institution fully registered and accredited with the Private Training Institutions Branch (PTIB), Ministry of Advanced Education, Government of British Columbia, Canada. On 17<sup>th</sup> December 2016, CHCA in collaboration with ABC study Links visited SNSR for promotion of immigration through education at CHCA.

Explanation was given about different Diploma programmes provided by the Academy such as Graduate Diploma Program in Nursing, Practical Nursing and Personal Support Worker and its learning objectives/outcomes.

They also emphasized on how immigration through education is possible, student services at CHCA and admission requirements for the above mentioned courses for international students at Canadian Health Care Academy.

Later on, there was an interactive session, where the students cleared their doubts on immigration policies and fee structure of different courses offered by CHCA. At 4.00 pm, programme was adjourned by vote of thanks by Mr. Dinesh Kumar, Associate Professor, SNSR.

**Photo-session with the delegates**

## Lamp Lighting and Oath Taking Ceremony

Every budding student nurse has to be made to understand the importance of nursing care. Lamp lighting ceremony, an auspicious occasion in every nurses life is held in reverence to Florence Nightingale or Lady with the Lamp, as she is more popularly known, this ceremony initiates the students into the noble profession of nursing.

School of Nursing Science & Research, Sharda University celebrated "Lamp-Lighting/Oath Taking Ceremony" for 9<sup>th</sup> batch of GNM and 5<sup>th</sup> batch of B.Sc Nursing, on 21<sup>st</sup> January 2017, in Auditorium 005 from 11.00 am to 1.00 pm.

The programme was started with Welcome address by Mrs. Rekha Kumari, Asst. Professor, SNSR. Chief guest, Prof. Bandana Bhattacharya, Ex-Principal, RAK College of Nursing, President – Society of Midwives India, delivered a speech on significance of the day. She highlighted the dedication and achievements of Florence Nightingale, Lady with the lamp, especially during the Crimean war. She elaborated the significance of spreading the light of knowledge and care, to the world of sufferings. She also emphasized the importance of patience, respect and maintaining dignity during education and service career.

**Prof. Bandana Bhattacharya (Chief guest), Mrs. Roseline Benedick and Prof. Pauline Sharmila lightening the ceremonial lamp.**

***VIPs on the dais***

Shri. Y K Gupta, Hon. Pro-chancellor also congratulated the blossoming buds and unfolded the importance of hard working to achieve our dreams and vision. He stressed about the significance of respecting the elders, teachers and patients, attending the laboratories regularly, maintaining good attendance during the classes and clinical etc. He conveyed about the scope and demand of Nursing in India and abroad, which may fulfill the dreams of student nurses if they gain knowledge and work hard effectively.

***Shri. Y K Gupta, Hon. Pro-chancellor congratulating the blossoming buds***

***Students lighting their candles from the faculties***

***Dr. Vijay Gupta, Vice-chancellor, rendering a***

Later, Shri. RP Aggarwal, Principal Advisor and Dr. Vijay Gupta, Vice Chancellor, also motivated the student nurses by pointing out how noble the nursing profession is and how vast will be the scope of nursing in India in the coming years. Mrs. Urmi Deori, Asst. Professor delivered vote of thanks to the gathering. The programme was winded up at 1.00 pm with a high tea.

***Guests and faculties with the blossoming nurses***

# World Cancer Day

A Cancer Awareness Program with theme of “**We can, I can**” celebrated at Ghanghola village and Panchayatan on **4<sup>th</sup> February 2017**. The program was organized by the first year M.Sc. Nursing and final year B.Sc Nursing students with an aim of creating awareness on cancer and its prevention. The program was conducted under the supervision of community health nursing department faculty. The program was delighted by presence of beloved Principal, Prof. Pauline Sharmila and programme was started at 11:00 am with formal introduction and brief about the program and the objectives.

*Faculty and students with Principal Prof. Pauline Sharmila, in the Panchayatan village on world cancer day*

The program was started with role-play followed by poster and charts presentation by first year M.Sc. Nursing students. More than 100 people were gathered in this program. After the program there was a feedback session where feedback from students were taken, about their contribution towards the awareness program. All the students expressed extreme interest and happiness. From this awareness program, it was found that people participated in the program have understood the concept about the cancer and its prevention and also assured that they would share the gained knowledge with others.

*Role Play*

# We Can, I Can 2017

## 10<sup>th</sup> Walk for Life: Stride Against Cancer

***Mrs Sangeeta Jaitley, wife of Union Finance Minister Arun Jaitley flagging off the walk***

***Students of SNSR in "Walk for Life"***

On Sunday, 5th February 2017, people from all walks of life, representing different age groups and professions, walked or ran together in Rajpath, New Delhi, to raise awareness about cancer & show solidarity towards those suffering from cancer. Objectives of the 'Walk' were, to create awareness about cancer, raise funds for the care of people with cancer and honor those battling cancer.

Mrs Sangeeta Jaitley, wife of Union Finance Minister Arun Jaitley at the Jawaharlal Nehru stadium, flagged off the walk and CanSupport Founder-President Smt. Harmala Gupta led the 'Lap of Honour' for Survivors. Shri. Manish Sisodia, Deputy Chief Minister of Delhi; Smt. Priya Dutt, political activist and daughter of late actors Nargis and Sunil Dutt; and Dr. A. P. Maheshwari, Additional Director-General, Border Security Force; were the guests of honour at Walk For Life this year. A total of 25 schools, 27 colleges and 30 corporate institutions participated in addition to other individuals and families.

Over 4,000 people from all walks of life participated in the initiative that applauds the survivors and supports the fighters of deadly disease, cancer. 41 students from SNSR, Sharda University took part in this event.

## CNE – Cord Blood Banking

The CNE on the theme ‘Cord Blood Banking’ was organized by the Department Of Obstetrics & Gynecology Nursing, SNSR on 10<sup>th</sup> February 2017 (Friday) at 2.00 to 4.00 pm with the objective to enhance the knowledge and learn about the latest trends in the cord blood banking technology. Cord blood banking has aroused as a boon in saving the pediatric life from many life-threatening diseases like blood cancer, genetic disorders, etc and reducing the mortality rates among the children.

***Dr. Neelam Banerjee speaking on Cord-blood banking***

The programme was commenced by welcoming the guest speaker Dr. Neelam Banerjee, Senior Consultant, Kailash Hospital and the audience. The programme began with the pre-test session on cord-blood banking conducted by Ms. Chanchal Huidrom, Senior Tutor. Mrs. Rekha Kumari, HOD, OBG Nursing has started the session by introducing the topic on cord-blood banking in the first session. The programme proceeded with the session by the guest speaker, Dr. Neelam Banerjee on the topic ‘Details in cord-blood banking’, with special emphasis on recent trends in umbilical cord banking such as processing and storage of stem cells.

Quiz competition on the theme was also conducted among the students of M.Sc Nursing first year, B.Sc. Nursing fourth year, B.Sc Nursing third year and GNM third year students. Five students from each batch participated in the quiz. The winners were, Ms., Pankaj Rana (I year M.Sc Nursing), Mr. Mujtafa Kamal (IV year B.Sc Nursing, and Richa Singh (I year M.Sc Nursing) who won first, second and third prizes respectively. Students from the audience were called on the stage to present their reviews on the theme, in which, Mr. Deepak Singh, fourth year B.Sc Nursing was awarded with the prize for his reviews. The programme was wound up with vote of thanks by Ms. Poonam Vats, Senior Tutor.

***Expert talk by Mrs. Rekha Kumari, Asst. Professor***

***Audience attending expert talk***

## Mass Health Education on Family Planning

*Nukkad Natak and Posters on Family Planning*

*Residents of Ghanghola village as the spectators*

School of Nursing Science and Research have organized a mass health education on family planning among eligible couples followed by Nukkad Natak at Ghanghola village, RHTC (Panchayatan) on 21<sup>st</sup> February 2017. The program was organized by B.Sc. Nursing final year students with the main objectives such as to avoid unwanted birth, to regulate the interval between pregnancies, to enhance the knowledge regarding various family planning methods and its advantages, to prevent sex selective abortion, to ensure survival and protection of girl child and to ensure education of the girl child.

*Participants of Nukkad Natak and Poster presentation*

The program was started by presenting **Nukkad Natak** followed by poster and charts presentation about the family planning. The main aim of presenting the Nukkad Natak was to provide awareness on “**Beti Bachao, Beti Padhao**” i.e., regarding importance of having Girl’s child.

More than 100 people were gathered in this program. Pradhan Ji of the village was happy and expressed his heartfelt thanks to the students and the faculty of SNSR and requested to organize many programmes in the future.

*Village Head (Pradhan Ji) expressing his gratitude and sharing his opinions*

## School Health Programme

**Students of Govt. Primary School at Ghanghola Village**

**Awareness session by SNSR students**

School of Nursing Science and Research organized a School Health Programme in Gov. Primary School at Ghanghola Village, Dankaur, Greater Noida, RHTC Panchayat on 22nd and 23rd February 2017. The programme was organized by final year students of B.Sc Nursing with the guidance of Community Health Nursing department. Objectives of the programme was to promote the positive health among school children, to create awareness regarding prevention of various diseases, early diagnosis, treatment and follow up of defects and to promote healthful school environment.

On 22/02/17, the final year B.Sc Nursing students conducted physical examination and BMI calculation of the students, facilitated medical intervention from Sharda hospital by referring for those shortlisted through the screening, imparted awareness on health issues, adolescent health, hand-washing, ill effects of tobacco and tooth brushing techniques to students. On 23/02/2017 students have conducted various health educations by demonstrating on oral hygiene, hand washing, role-play on worm infestation, health education on good and bad touch and model presentation of vitamin A and protein rich diet.

The students also organized entertainment programme for school children like dancing and quiz sessions, and presented rewards for students who have answered them correctly. The programme was winded up by distributing notebooks, pencils and chocolates as a token of love for the children for their active participation.

## Understanding the Living Machines: Seminar and Workshop

With a view to develop in-depth knowledge about Anatomy and Physiology among first years of GNM and B.Sc Nursing students, School of Nursing Science and Research, Sharda University, organized a crossover learning method, i.e., seminar and workshop in Anatomy and Physiology, 'Understanding the Living Machines' from March 7 to 10, 2017. Venue for seminar was Auditorium 014, Sharda University, and workshop was conducted in Anatomy Museum, SMSR, Sharda University. Organizers of the programme were Prof. Pauline Sharmila (Principal, SNSR), Mr. Dani Philip (Asso. Professor), Mr. Vedamurthy (Asst. Professor) and Ms. Rekha Kumari (Asst. Professor).

On 7th March 2017, the programme was commenced with a welcome speech by Ms. Anshu Mishra, IV year B.Sc Nursing student. Dr. P.L.Kariholu, Dean, SMS&R shared his words of encouragement to the organizers and presenters. Dr. Nirupma Gupta, HOD (Anatomy), SMS&R spoke on the importance of Anatomy and Physiology as a subject in medical profession and Dr. Manisha Jindal, Asso. Dean, HOD (Physiology), SMS&R emphasized the need of understanding the living machines, i.e., various organs and systems in human body. She also unfolded the theme for chart competition, which was held on 10.03.2017, which was 'Heart, Brain and Eye'. Prof. Pauline Sharmila, Principal, SNSR also encouraged the presenters and participants for their active involvement and for having hands-on training in Anatomy and Physiology.

**Dr. P.L.Kariholu, Dean, SMSR sharing words of encouragement to the organizers and presenters.**

**Dr. Manisha Jindal, Asso. Dean, SMSR unfolding the theme of chart competition**

Eventually, there was a session of pre-test to assess the knowledge about Anatomy and Physiology. Knowledge level of 153 students was assessed.

Seminars were conducted in the morning session (10.00 am - 1.00 pm) and workshop in the evening (2.00 - 4.00 pm). It included nervous system, sensory/ integumentary system, circulatory system, respiratory system, digestive system, skeletal system, urinary system and reproductive system. Presenters were, selected students of III & IV year B.Sc Nursing and GNM III & Internship students, SNSR. Target group included the entire students of first year B.Sc nursing and GNM students.

On the final day, after the seminar, at 11.00 am, a post-test was done for the same participants, who were 153 in number. Feedback was obtained from the presenters regarding the seminar and workshop.

As the part of chart competition, display of charts on the theme heart, eye and brain was held at 11.00 am which was later evaluated by the judges. Venue for display was near dissection hall, Anatomy department, SMSR. The judges invited were Dr. Manisha Jindal, (Asso. Dean, Anatomy department, SMSR), Dr. Nirupma Gupta, (HOD, Anatomy department, SMSR) and Prof. Pauline Sharmila, (Principal, SNSR).

List of the students who secured first 3 positions were Ms. Deepanjali Rav (I GNM), Ms. Bhavna Gaur (I GNM) and Ms. Archana Chander (IV B.Sc)

**Dr. Nirupma Gupta, HOD (Anatomy) and Dean, Students' Welfare, with her motivational speech**

Anatomy and Physiology test was conducted on the spot at 11.30 am for the participants. The students who secured best 3 positions are Ms. Rubi & Ms. Shivani (I GNM) and Mr. Adesh Avasthi (I B.Sc).

At 2.00 pm, there held a valedictory session of the seminar and workshop, during which, there was a student participant's feedback session and prize distribution. Student's feedback was found to be extremely good on the seminar and workshop. There was an announcement about the effectiveness of the seminar and workshop by comparison of pre-test and post-test scores. Knowledge enhancement was found to be of 25.95 % more when compared to pre test knowledge scores. Hence it is concluded that the students knowledge has improved by this seminar and workshop held between 7<sup>th</sup> and 10<sup>th</sup> March 2017.

**A snapshot during seminar**

**Workshop session**

Followed by the student's feedback, there held the prize distribution. Prizes along with the certificates were distributed for the best presenters (both seminar and workshop), best performers in chart making and anatomy test, best guides and organizers. Best presenters in seminar who secured first four positions were Ms. Somashree (III year B.Sc Nursing), Ms. Liina Mwenda, Ms. Komal Sharma and Mr. Deepak Kumar (IV year B.Sc Nursing students) respectively. Best performers in workshop were Ms. Samriti and Ms. Rajeshwari Bishwakarma (IV year B.Sc Nursing students) who secured first and second positions respectively. Best guides (teachers) were Mr. Imran Khan, Ms. Ekjot and Mr. Silambarasu.

Principal of SNSR distributing Prizes for winners

Organizers of the programme

**FEEDBACK ON ANATOMY AND PHYSIOLOGY SEMINAR AND WORKSHOP**

- The seminar was a very good opportunity for us to enhance our knowledge.
- Learning something outside classroom helped us to refresh our mind.
- Group discussion to questions and answers helps us a lot through the seminar.
- Gift for the right answer was truly a good idea to encourage the students.
- Seeing and touching real organs with the seeing photos and videos helped us to visualize the whole body system now.

By - Pranav Kumar  
B.Sc. (NCC) 3rd year

**"SEMINAR ON ANATOMY & PHYSIOLOGY OF HUMAN LIVING MACHINE"**

- The most of the student are able to clear their doubts
- As a presenter I was able to revise all the topic that have been taught a year back.
- I was able to overcome my fear by standing in front of so many students and presenting.
- I was able to improve my skills in preparing the materials content for the topic and it help me improve my confident level.

Thank-you -

B.Sc Nursing 4th year

Feedback by students

## OTHER ACTIVITIES

### Journal Club Presentations

Journal Club presentations were organized in the School, whose motto was to inculcate innovative learning among faculty members of SNSR. They were, Newer drug delivery system (Mr. Dani Philip, Associate professor), Child sexual abuse (Mr. Dinesh Kumar, Associate Professor), Promoting safe use of Medical devices (Ms. Linda Devi, Associate Professor), Research Critique (Mr. Vedmurthy, Asst. Professor), Nursing informatics and its importance (R .Sreeraja Kumar, Asso. Professor), Stem cell banking (Urmijyoti Deori, Asst. Prof) and Colour psychology (Mr Nikhil Raj, Asst. Prof). Among the presentations, Colour psychology, which was presented by Mr. Nikhil Raj was found most impressive and effective, and was appreciated by the faculties.

*A glance through the Journal Club*

### Quality Circle Committee

Quality circle committee, which was formed in September 2016, continued maintaining the excellence and virtuosity in teaching, practical and overall aspects of SNSR. The committee comprises a total of 10 faculties as the members presided by the Principal, who are vigilant about the quality aspects throughout the working hours and record the activities. Reports prepared by the committee was submitted every often to the IQAC and KRA.

Overall aims of the committee are to:

- Improve the standards and quality of the faculty and students in a systematic manner.
- Make sure the lectures are going on as exactly the schedules prepared so that no classes are left vacant.
- Find out the issues, which may hinder teaching-learning aspects and provide immediate solutions as early as possible.
- Take the disciplinary actions as needed if any.
- Conduct frequent meetings to discuss about the issues faced & solution for those and newer ways to improve the standards.

*Quality circle committee meeting*

## Continuing Nursing Education for Staff Nurses

Continuing Nursing Education programme is conducted regularly for the staff nurses of Sharda Hospital as a part of enhancement of updated knowledge and skills. This is conducted on a weekly basis, by the faculties of School of Nursing on various topics, which are highly recommended for incorporating in the nursing care.

Some of the recent topics dealt are: oxygen administration, steam inhalation, blood transfusion, pre-operative care, post-operative care, surgical asepsis, suctioning, Total parenteral nutrition, hematological investigations etc. Nurse's role and special considerations during the procedures are specially emphasized.

Pre-test and post-test are also conducted, in which the mean knowledge enhancement score was found to be highly significant in all the above sessions. Even, the feedbacks of the staff nurses are found to be highly satisfactory. Hence it is found that the CNE's organized by SNSR is beneficial in enhancing the knowledge about the recent updates in Nursing.

*One of the CNE sessions*
